Explanation:

DC01.vhd will not be processed by deduplication because it was last written to on 6/21/2016 and the current date is 6/21/2016, while the "MinimumFileAgeDays = 3". This means that a file must be unchanged for at least 3 days to be processed by deduplication

Readme.txt will not be processed by deduplication because its filesize is 12400 bytes, but the "MinimumFileSize = 32768".

Software.Iso will be processed by deduplication. It is above the MinimumFileSize, and has not been modified for more than 3 days.
